Q1, 2019 Class Descriptions

Boot Camp

This class incorporates the basic moves and form for proper exercise technique that can be used in a gym or at home. Free weights, cardio and core will be the focus for an intermediate workout. Nothing is designed to be heavy, but you will feel the burn. Modifications to exercises and pace can be made for all fitness levels.

Tabata

Tabata is a form of high-intensity interval training (HIIT). It involves short bouts of explosive interval moves done for 20 seconds each for eight rounds, with a 10-second break between each round. It can burn a whopping 13.5 calories a minute—and double a person's metabolic rate for 30 minutes afterwards.

Dance Fusion

Dance fusion is a full-body, high energy exercise that is suitable for both beginners and advanced exercise enthusiasts. This class can be a diverse way for you to get the exercise you need each day. Each class will vary to ensure you receive optimal results.

Pilates

Pilates is a sequence of exercises performed on a mat using the abs, lower back and tush. Special attention is paid to detail, sequence, alignment and control of each movement. Virtually of the exercise are done in a low weight-bearing position allowing for little or no impact on the joints.

Incinerate

Train every part of your body with free-weights, cardio and core exercises. Routines will change weekly, incorporating body resistance, circuit/station training, and high intensity cardio. Intermediate to an advanced fitness levels welcome.

Yoga for Stress & Flexibility

Moves at a slower pace focusing basic poses and calming the mind and body. A few minutes of quiet meditation brings the class to an end. The student is revived and energized and ready to continue the work day.

Yoga for Strength

For students with some yoga experience. Moves at a slightly quicker pace and poses will build strength in the joints and all muscle groups- you might sweat a bit!

Zumba

Forget the workout, just lose yourself in the music and find yourself in shape at the original dance-fitness party. Zumba® classes feature exotic rhythms set to high-energy Latin and international beats.

Cardio Kickboxing

This class will be a total body fitness experience using punching, kicking, and jabbing. Gloves and pads will be used for all levels to be challenged. Other cardio and core training will be incorporated.

Fit and Functional

This class will incorporate functional training that will use body weight, stretching and yoga moves, combined with jump rope, and movements reminiscent of recess. Other cardio and core exercises will also be incorporated for an all-in-one workout for effective muscle conditioning and cardiovascular health. It will be something different each week and hit total body!

Body Basics

This class is designed to slowly transition you from fitness novice to intermediate. Taken at your own pace in a safe, structured environment, You will learn different combinations of exercises to tone and create long lean muscle.

Adult Recess

Remember the things you might have done on a playground during recess? Adult recess takes some of those same movements and incorporates them into a workout that will be fun and extremely effective. Most of the exercises will use your own body weight for resistance so all levels of fitness will be successful. Each week will be something different. Get a great work out and feel like a kid again!

Meet Your Class Instructors

Betsy McGann

Bio: Betsy understands that yoga can truly be for every body. She feels fortunate to have started practicing yoga again in 2012

After four years of being an enthusiastic student, she enrolled in the Yoga On High Teacher Training Institute, completing her RYT-200 certification in December of 2016.

Betsy's favorite teaching focus is Hatha yoga, a slower-paced, yet challenging practice that allows for focus of the mind while outwardly focusing on alignment. Her mantra is "Kindness matters." She understands that kindness begins with how we treat ourselves.
